

MARSHALL COUNTY HIGH SCHOOL  
SCHOOL BASED DECISION MAKING COUNCIL  
BUILDING POLICY

POLICY TOPIC: Repeating A Core Course for Credit

1. Class space must be available after all other requests have been met before a student having already earned a “D” or above in a core course will be allowed to repeat that course.
2. Both the grade earned the first time the student took the course and the grade earned the second time will be placed on the student’s transcript, and both grades will be included in calculation of G.P.A.
4. If two credits are earned in a core course by virtue of a student being allowed to repeat a course in which they have earned a “D” or above, one of the two credits earned will be counted as a general elective.
