

Letter to Kindergarten - Third Grade Students' parents

SUCCESS begins at CCES

K-3 Grade Parents,

This year at Calvert City Elementary we will be implementing a new behavior program that will replace the former card system. The new program will be used to track the behavior of all students and reward good conduct. A **SUCCESS tracker** will be used to record **strikes** (rather than pulling cards). Below is a description of how it will work as well as a diagram of the SUCCESS tracker on the back.

All students will begin each day in the **SUCCESS** zone. If a student fails to follow a CCES guideline (Cooperate with Others, Choose Wisely, Expect Excellence, and Show Respect and Responsibility,) he/she will receive a **"strike."** After a student receives his/her **first "strike"**, he/she will move to the **WARNING** zone. When the second infraction occurs, the student gets his/her **second "strike,"** and the student will then move to the **HALF RECESS** section of the SUCCESS tracker. For the **third "strike,"** the student will be sent to a **TIME-OUT PARTNER**. When students are sent to the **TIME-OUT PARTNER** they will spend time with another teacher from another grade level. The student will remain with the time-out partner for approximately 20 minutes. When the fourth infraction occurs, the student gets his/her **fourth "strike,"** moves to the **FULLRECESS** section of the SUCCESS tracker and the teacher will complete a **Minor Behavior Form**. The **Minor Behavior Form** will be sent home by the teacher. It should be signed by the parent/guardian and the student then returned to the teacher the next day.

We are striving to ensure that all students at Calvert Elementary receive the best education possible. It is our hope that the SUCCESS program will enable our students to Cooperate with Others, Choose Wisely, Expect Excellence, and Show Respect and Responsibility. Thank you for your support!
