Report Summary 115

Introduction

The submission of this report is required by the Kentucky Department of Education (KDE) as part of Unbridled Learning: College/Career Readiness for All accountability system. Document each of your school's required Program Reviews under the "Diagnostic" tab and then add each completed component to this document for submission. Each of the required Program Review components is listed below. Work with your district and Site Based Decision Making Council (SBDM) to obtain feedback and approval prior to clicking the submit button. Once submitted, this report will be made available to your district for review and approval.

Program Review: Arts and Humanities

Introduction

This report contains Program Review results for Arts and Humanities. This program review is required as part of Kentucky's new assessment and accountability model. A Program Review is a systematic method of analyzing components of an instructional program, including instructional practices, aligned and enacted curriculum, student works samples, formative and summative assessments, professional development and support services, and administrative support and monitoring. (KRS 158.6453(l)(i)) Diagnostic tools to capture and report the results from these program reviews are contained in the AdvancED's Adaptive System of School Improvement Support Tools (ASSIST). ASSIST allows schools and institutions to gain better understanding of past successes and opportunities, and confidently build a solid, research-based improvement plan for the future.

Curriculum and Instruction: Student Access

All students should have equitable access to high quality curriculum and instruction.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent does the school provide access for all students through intentionally scheduling time within the instructional day for a balanced program of creating, performing and responding to the arts in each of the four arts disciplines?	Access is provided for all students through intentionally scheduling time within the instructional day for a balanced program of the artistic processes of creating, performing and responding to the arts in each of the four arts disciplines (dance, drama, music, visual arts).	Proficient

	Statement or Question	Response	Rating
b)	To what extent does the school ensure that the arts curriculum provides discipline-based instruction and protected time in each arts discipline as outlined in the Kentucky Academic Standards?	The arts curriculum provides discipline-based instruction and protected time in each arts discipline containing its own body of knowledge, skills, and ways of thinking as outlined in the Kentucky Academic Standards. •Elementary: All students have regularly scheduled discipline-based arts instruction providing for exploration of each of the four art forms outlined in the KAS. •Middle School: All students have access to regularly- scheduled discipline-based, arts courses in each of the four art forms which provide a firm grounding in basic creating, performing and responding to the arts. Students wishing to begin a specialization in an art form(s) are provided regularly scheduled classes. •High School: Year-long (or equivalent) Discipline-based arts instruction through multiple, specialized arts courses in each art form is available for any student wishing to specialize in an art form(s) as noted in students' Individual Learning Plans. Students wishing not to specialize have access to the History and Appreciation of Visual and Performing Arts course or another arts course to meet the Arts and Humanities graduation requirement.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

A. Dedicated scheduling of dance and drama are noted in lesson plans and master schedule.

B. Master schedule and SBDM

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

A. Dedicated time has been added to the school schedule to include dance and drama so that all students have access to all arts disciplines as outlined in KCAS.

B. The master schedule allows for dance, drama, music, and art to be taught to every student. SBDM creates a schedule that allows the 4 art disciplines to be taught.

Curriculum and Instruction: Aligned and Rigorous Curriculum

An aligned and rigorous curriculum provides access to Kentucky Academic Standards (KAS) for all students as defined by state standards.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent does the school ensure that the arts curriculum encompasses creating, performing and responding and is fully aligned with the Kentucky Academic Standards?	The arts curriculum encompasses the artistic processes of creating, performing and responding and is fully aligned with the Kentucky Academic Standards.	Proficient

	Statement or Question	Response	Rating
b)	To what extent does the school ensure that the arts curriculum provides for the development of arts literacy in all four arts discipline and also utilizes the Kentucky Academic Standards for English/Language Arts?	The arts curriculum provides for the development of arts literacy in all four arts discipline and also utilizes the Kentucky Academic Standards for English/Language Arts.	Proficient

	Statement or Question	Response	Rating
c)	To what extent does the school ensure that the arts curriculum provides opportunities for integration as natural cross-curricular connections are made between the arts and other content areas?	The school curriculum provides opportunities for integration as natural cross-curricular connections are made between the arts and other content areas.	Proficient

	Statement or Question	Response	Rating
d)	To what extent does the school ensure that the arts curriculum includes the study of representative and exemplary works of dance, music, theatre and visual arts from a variety of artists, cultural traditions and historical periods?	The arts curriculum includes the study of representative and exemplary works of dance, music, theater and visual arts from a variety of artists, cultural traditions and historical periods.	Proficient

	Statement or Question	Response	Rating
e)	To what extent does the school ensure that the arts curriculum is revised using multiple indicators such as student formative and summative assessments, arts organization performance assessments from sanctioned events, or other student needs?	The school arts curriculum is revised using multiple indicators such as student formative and summative assessments, arts organization performance assessments from sanctioned events, or other student needs.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

A. Curriculum Guides with content, pictures of completed art projects, and videos of music programs that show students creating and responding to the arts.

B. Samples of student assessment of work and performances which include short answer/extended response questions.

C. Arts and Humanities cross curriculum evidence guides.

D. Use of Drama Arts Toolkit, websites, youtube videos, CDs, and guest artists

E. Performance DVDs, written assessments, student self assessment/ performance reflection, and final product reflection in art.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

A. Curriculum Guides and lesson plans document the covering of Common Core Standards. The art teacher documents the final product for each project, taking pictures of student samples. The music teacher keeps videos of all music programs that show students creating, performing, and responding to the arts.

B. We have kept samples of student self assessment of work and performance which include short answer/extended response questions incorporating the ELA standards.

C. Teachers have submitted Arts and Humanities cross curriculum evidence guides which documents that collaboration has been made between the arts and general education teachers.

D. Students are able to view the four arts through the Arts Toolkit, the arts teachers regularly access websites/ Youtube videos to show students exemplary works of art for each content area, DVDs, and CDs are used to demonstrate exemplary pieces of music/groups and guest artists have visited the school to perform for the students.

E. Formative assessments conducted throughout the daily class experiences and summative assessments are the final product documented on a DVD for music, samples of written assessments are available, samples of self assessment/ performance reflections are available, and samples of final product reflections in art are available.

Curriculum and Instruction: Instructional Strategies

Teachers implement instructional strategies that provide quality experiences, a variety of activities, and access for all students.

Overall Rating: 2.5

	Statement or Question	Response	Rating
a)	To what extent do teachers systematically incorporate all three components of arts study: creating, performing and responding into the arts?	Teachers engage students in high-level creative activities and problem solving in the arts through creating, performing and responding. Students apply analytical skills at a high level while responding to the arts.	Distinguished

	Statement or Question	Response	Rating
b)	To what extent do teachers provide models of exemplary artistic performances and products to enhance students' understanding of an arts discipline and to develop their performance/production skills?	Teachers provide print, electronic media, virtual or live models of exemplary artistic performances and products to enhance students' understanding of each arts discipline and to develop their performance/production skill.	Distinguished

	Statement or Question	Response	Rating
c)	To what extent do arts teachers provide for the development of artistic theory, skills, and techniques through the development of student performances or products that are relevant and developmentally appropriate for students?	Arts teachers provide for the development of artistic theory, skills, and techniques through the development of student performances or products that are relevant and developmentally appropriate for students.	Proficient

	Statement or Question	Response	Rating
d)	To what extent is the arts curriculum enhanced and strengthened through collaboration with guest artists, complementing discipline based arts instruction during the regular school day?	The arts curriculum is enhanced and strengthened through collaboration with guest artists, complementing discipline based arts instruction during the regular school day.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Samples of student self-assessment of work performances which include short answer/extended response questions and collaborative group assessment of student work. Original student musical compositions.
- B. Internet sources, Arts Toolkit, Live performances, and various works of art
- C. Documented pictures of student art work and DVD documentation of musical performances. Music teacher has samples of original music composition.
- D. Guest artists, guest musicians, performances from KY Chataqua group.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Lesson Plans and curriculum maps document the sequential presentation of Common Core Standards and National Arts Standards which affords the students the opportunity to create, perform, and respond to all four arts discipline.
- B. The internet, arts toolkit, live performances by professional musicians and high school students, and works of art are utilized to enhance students' understanding of the arts.
- C. Lesson plans and curriculum map documents the introduction and development of artistic theory, skills and techniques which culminate in a performance or a physical product.
- D. Guest artists have been invited to present to our student body.

Curriculum and Instruction: Student Performance

All students have access to an aligned and rigorous curriculum, where instructional strategies are of high quality and inclusive, resulting in student performance at a consistently high level.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent are students actively engaged in creating, performing and responding to the arts?	Students are actively engaged in three artistic processes of creating, performing and responding in the arts.	Proficient

	Statement or Question	Response	Rating
b)	To what extent do students identify a purpose and generate original and varied art works or performances that are highly expressive with teacher guidance?	Students identify a purpose and generate original and varied art works or performances that are highly expressive with teacher guidance.	Proficient

	Statement or Question	Response	Rating
c)	To what extent do students, with teacher guidance, routinely use creative, evaluative, analytical and problem solving skills in developing and/or reflecting in their artistic performances and products?	Students, with teacher guidance, routinely use creative, evaluative, analytical and problem solving skills in developing and/or reflecting in their artistic performances and products.	Proficient

	Statement or Question	Response	Rating
d)	To what extent do students use written and verbal communication to objectively reflect on exemplary exhibits and live or technologically provided performances as classroom assignments?	Students use written and verbal communication to objectively reflect on exemplary exhibits and live or technologically provided performances as classroom assignments.	Proficient

	Statement or Question	Response	Rating
e)	To what extent do students demonstrate the ability to become self-sufficient in creating performances and/or products after teacher guidance?	Students demonstrate the ability to become self-sufficient in creating performances and/or products after teacher guidance.	Proficient

	Statement or Question	Response	Rating
f)	To what extent are students supported and encouraged to participate in grade level appropriate juried events, exhibitions, contests and performances outside the school environment {at the middle and high school levels}?	Not Applicable - Elementary	N/A

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Lesson Plans. Music teacher has video evidence of original compositions.
- B. Student original compositions, studies in musical improvisation, student original art work based on a basic sample form. Kindergarten students create illustrations that correspond to their written text and fifth grade students compose their own dramatic work.
- C. Samples of student self assessment of work and performances which include short answer/ extended response questions.
- D. Verbal reflections
- E. Student samples of art work and original compositions and video clips of student work
- F. Various art and poster contests and extracurricular activities.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Lesson plans show that students are actively engaged in creating, performing, and responding to the arts and the quality of the product demonstrated level of engagement. Original student music compositions, samples of art work, dramatic performances
- B.and C, and E. Samples of student original compositions in music and dance, studies in musical improvisation, student original art work based on a basic sample form. Kindergarten creates illustrations that correspond to written text and fifth grade students compose their own dramatic work for the "Polar Express".
- D. Students verbally reflect and offer suggestions for improvement following performances and the creation of various pieces of art.
- F. Students are supported and encouraged to participate in community arts programs and they participate in juried art events.

Formative and Summative Assessment: Assessments

Teachers should use multiple assessment processes to inform, guide, develop and revise instructional strategies and curriculum to enhance to student learning and achievement.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do teachers utilize formative and summative arts assessments for individual students and performing groups that are clearly aligned with the components of the Kentucky Academic Standards; and authentically measure a specific concept, understanding and/or skill and lead to student growth?	Formative and summative arts assessments for individual students and performing groups are clearly aligned with the components of the Kentucky Academic Standards and authentically measure a specific concept, understanding and/or skill and lead to student growth.	Proficient

	Statement or Question	Response	Rating
b)	To what extent do teachers guide students to use developmentally or grade level appropriate peer review and critique to evaluate each other's work?	Teachers guide students to use developmentally or grade level appropriate peer review and critique to evaluate each other's work.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Formative assessments in music, dance, drama. Pre and Post visual arts assessments. Summative assessments in music and visual arts.
- B. Verbal peer view sessions and written self assessments of individual projects and performances.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Lesson plans and rubrics document formative assessments are being conducted daily in informal and formal ways. Both formative and summative assessments are used to inform instruction in the music and art classroom on a daily basis.
- B. Students participate in peer review sessions at the conclusion of each performance on stage and in the classroom.

Formative and Summative Assessment: Expectations for Student Learning

Teachers communicate consistently high expectations and use common standards for student learning in Arts & Humanities.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do teachers utilize exemplar/models to encourage students to demonstrate characteristics of rigorous work in the appropriate art form in most instructional lessons/units?	Exemplar/models are used to encourage students to demonstrate characteristics of rigorous work in the appropriate art form in most instructional lessons/units.	Proficient

	Statement or Question	Response	Rating
b)	To what extent do teachers share clearly defined rubrics or scoring guides with students before creating, performing, or responding assignments or other assessments; and students have the opportunity to provide input into the scoring guide?	Teachers share clearly defined rubrics or scoring guides with students before creating, performing/presenting/producing, responding or connecting assignments or assessments appropriate to the age and grade level and students have the opportunity to provide input into the scoring guide.	Proficient

	Statement or Question	Response	Rating
c)	To what extent do teachers develop rigorous student learning and academic growth through student learning objectives and refined SMART (specific, measurable, appropriate, realistic and time bound) goals that are rigorous, attainable and reflect acceptable growth during the course or school year?	Teachers develop rigorous student learning and academic growth through student learning objectives and refined SMART (specific, measurable, appropriate, realistic and time bound) goals that are rigorous, attainable and reflect acceptable growth during the course or school year.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. DVDs, CDs, Internet sources, Arts Toolkit, and print artwork
- B. Teacher and student created rubrics
- C. District content curriculum guides, lesson plans, and student samples of completed projects.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Through the presentation of exemplar models of artwork students are encouraged to create original pieces based upon techniques displayed.
- B. Rubrics are created and shared with students prior to the beginning of the project to be used as a guideline in the creation of their product. Students are also guided to create their own rubrics as a class to evaluate their level of mastery for a particular concept.
- C. The district curriculum guide is a resource that is utilized to help the teachers to present concepts in a sequential manner. Lesson plans

document a sequential presentation of the Common Core Standards as an age appropriate level that fosters student growth. Student samples of completed projects demonstrate the mastery of concepts.

Formative and Summative Assessment: Assessment for Learning

Multiple assessments are used to inform, guide, develop and revise instructional strategies and curriculum to enhance student learning and achievement.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do teachers regularly provide students with authentic, meaningful and documented feedback from a variety of sources on their performances/products so students may strengthen their future performance/products?	Teachers regularly provide students with authentic, meaningful and documented feedback from a variety of sources (e.g., staff members, arts adjudicators, peers, etc.) on their performances/products so students may strengthen their future performance/products.	Proficient

	Statement or Question	Response	Rating
b)	To what extent do students regularly reflect on, critique and evaluate the artistic products and performances of others and themselves as is grade level and age appropriate?	Students regularly reflect on, critique and evaluate the artistic products and performances of others and themselves as is grade level and age appropriate.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Collaborative peer review sessions, written student self assessment exercises, and teacher and student created rubrics.
- B. Formal assessments, collaborative peer review sessions, and written self assessment exercises

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Teachers regularly provide students with authentic, meaningful, and documented feedback through the use of teacher student-created rubrics and teacher guided peer review sessions.
- B. Students regularly reflect on their products through the daily use of formal assessments, teacher guided peer review sessions, and through written student self assessment of work and performances which include short answer/extended response questions.

Professional Learning: Opportunity

Professional learning opportunities are planned with teacher learning needs in mind and in response to data available about teacher practice and student learning.

Overall Rating: 1.5

	Statement or Question	Response	Rating
a)	To what extent do teachers develop, implement and assess relevant and purposeful professional growth plans (PGPs) in response to the teacher self-reflection about current practice and student learning?	PGP implementation results in change in current practice and supports appropriate instruction.	Proficient

	Statement or Question	Response	Rating
b)	To what extent does the school support teachers' pursuit of professional learning opportunities focused on research/evidence based best practices and based on teacher Professional Growth Plans, school and student data?	Professional learning opportunities incorporate the Standards for Professional Learning, focus on research/evidence based practices are planned, implemented and evaluated based on teacher Professional Growth Plans (PGPs) and school and student data.	Proficient

	Statement or Question	Response	Rating
c)	To what extent does the school ensure that job embedded professional learning opportunities (teacher learning that is grounded in day-to-day teaching practice and is designed to enhance teachers' content-specific instructional practices with the intent of improving student learning; is school or classroom based and integrated in the workday) are available?	The school provides limited access to job embedded professional learning opportunities to only a few teachers.	Needs Improvement

	Statement or Question	Response	Rating
d)	To what extent does the school provide opportunities and allocate time for teachers to collaborate and exchange ideas?	The school provides limited opportunities, but does encourage collaboration for teachers; however, no time is allocated for collaboration to occur.	Needs Improvement

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. PGP Data Collection
- B. PD opportunities focus on research based evidence for each content area.
- C. There currently is job embedded PD opportunities for visual arts, but not for music teachers.
- D. There is little to no opportunity for Arts teachers to collaborate.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. PGP Data collection provides evidence of student growth
- B. PD opportunities focus on research based practices and support the focus of each teacher's PGP.
- C. See Evidence C.
- D. See Evidence D.

Professional Learning: Participation

Teachers participate in Arts-specific professional learning designed to meet their needs. Arts teachers participate in professional development focused on 21st Century Skills.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do teachers participate and implement content-specific professional learning based on school, student and teacher data?	Implementation of content-specific professional learning based on school, student and teacher data results in change in current practice and supports appropriate instruction.	Proficient

	Statement or Question	Response	Rating
b)	To what extent do teachers participate in professional learning communities addressing issues related to instructional practices, data analysis and increased student learning?	Teachers are members of professional learning communities within the school/district and participate actively to address issues related to instructional practices, data analysis and increased student learning.	Proficient

	Statement or Question	Response	Rating
c)	To what extent are teachers participating members of professional organizations?	Teachers are members of professional organizations and actively participate in them.	Proficient

	Statement or Question	Response	Rating
d)	To what extent do teachers have contact and collaborate with community, business and postsecondary partners?	Teachers have contact and collaborate with external partners (community, business and postsecondary) through advisory committees, work exchange programs and/or community groups.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Teachers have the opportunity to participate in content-specific professional development on a national and state level. Arts and Humanities teachers also collaborate together on a regular basis to discuss content specific learning.
- B. The arts teachers meet throughout the year to discuss the needs of students and hoe to improve and integrate components of the program review.
- C. All Arts and Humanities teachers play important leadership roles throughout the school building as well as other organizations.
- D. Market House, Kentucky Chautaugua, MCLibrary Storytime Actors
- E. The general educators do not receive art specific professional development.

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

A. All Arts and Humanities teachers have the opportunity to participate in content specific professional development on the national and state level.

B. The arts teachers meet throughout the year to discuss the needs of the students and how to improve and integrate components of the program review.

C. The Arts and Humanities teachers are all involved in leadership roles within the school as well as other professional organizations.

D. We have been able to collaborate with community groups to bring lives performances from artists such as Kentucky Chautauqua program, Market House Theater, and MC Library Storytime Live.

E. The Arts and Humanities teachers collaborate with general education teachers to intergrate the creation of grade level plays, art projects, and a science and sound 4th grade unit. They also collaborate with the Arts and Humanities teachers to tie in the arts into their curriculum. However, the general educators currently do not receive art specific professional development.

Administrative/Leadership Support and Monitoring: Policies and Monitoring

School leadership establishes and monitors implementation of policies, provides adequate resources, facilities, space and instructional time to support highly effective arts and humanities instructional programs.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent does the school councils/leadership implement policies to ensure that disciplined based arts instruction is a part of the school curriculum and arts concepts are taught throughout the school and across the curriculum?	School councils/leadership implement policies to ensure that disciplined based arts instruction is a part of the school curriculum and arts concepts are taught throughout the school and across the curriculum.	Proficient

	Statement or Question	Response	Rating
b)	To what extent does school leadership ensure that protected time is allocated in the schedule so that all students can receive instruction in the Arts disciplines?	Protected time is allocated in the schedule so that all students can receive instruction in the Arts disciplines.	Proficient

	Statement or Question	Response	Rating
c)	To what extent does school leadership ensure that arts teachers are invited to participate in planning the annual school budget?	Arts teachers are invited to participate in planning the annual school budget.	Proficient

	Statement or Question	Response	Rating
d)	To what extent does school leadership ensure that arts teachers are assigned manageable class loads based on course and facilities?	Arts teachers are assigned manageable class loads based on course and facilities.	Proficient

	Statement or Question	Response	Rating
e)	To what extent does school leadership ensure that arts teachers receive planning and travel time that is equitable with other content areas?	Arts teachers receive planning and travel time that is equitable with other content areas.	Proficient

	Statement or Question	Response	Rating
f)	To what extent does the principal and Arts teacher leaders collaborate to allocate equitable time, appropriate facilities and resources to implement the arts programs?	The principal and Arts teacher leaders collaborate to allocate equitable time, appropriate facilities and resources to implement the arts programs.	Proficient

	Statement or Question	Response	Rating
g)	To what extent does school leadership ensure that decisions related to arts program staffing are based on student need and interests?	Decisions related to arts program staffing are based on student need and interests.	Proficient

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. SBDM and Master Schedule
- B. Refer to A
- C. Open SBDM Meetings
- D. Refer to A
- E. Master Schedule
- F. School budget and grants
- G. Faculty meetings and inventory lists

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. SBDM sets aside dedicated time in all four disciplines in the mater schedule.
- B. Refer to A.
- C. SBDM Meetings are open to the arts teachers to discuss budget concerns.
- D. Refer to A.
- E. Planning time is allotted to all of the arts teachers in the master schedule.
- F. The principal collaborates with the arts teachers to provide funding via fundraising, school budgets and grants.

Program Review: Practical Living/Career Studies

Introduction

This report contains Program Review results for Practical Living/Career Studies. This program review is required as part of Kentucky's new assessment and accountability model. A Program Review is a systematic method of analyzing components of an instructional program, including instructional practices, aligned and enacted curriculum, student works samples, formative and summative assessments, professional development and support services, and administrative support and monitoring. (KRS 158.6453(l)(i)) Diagnostic tools to capture and report the results from these program reviews are contained in the AdvancED's Adaptive System of School Improvement Support Tools (ASSIST). ASSIST allows schools and institutions to gain better understanding of past successes and opportunities, and confidently build a solid, research-based improvement plan for the future.

Program Review: Writing

Introduction

This report contains Program Review results for Writing. This program review is required as part of Kentucky's new assessment and accountability model. A Program Review is a systematic method of analyzing components of an instructional program, including instructional practices, aligned and enacted curriculum, student works samples, formative and summative assessments, professional development and support services, and administrative support and monitoring. (KRS 158.6453(l)(i))

Diagnostic tools to capture and report the results from these program reviews are contained in the AdvancED's Adaptive System of School Improvement Support Tools (ASSIST). ASSIST allows schools and institutions to gain better understanding of past successes and opportunities, and confidently build a solid, research-based improvement plan for the future.

Curriculum and Instruction: Student Access

All students have equitable access to high quality curriculum and instruction. Full implementation of a writing curriculum encompasses reading, speaking and listening opportunities.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do students participate in intentionally planned literacy learning opportunities to explore ideas and design products across content areas?	Students participate in intentionally planned literacy learning opportunities to explore ideas and design products across content areas.	Proficient

	Statement or Question	Response	Rating

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Flex lesson plans, work stations, and centers
- B. Genius Hour - Student choice research and writing
- C. iPads, Computer labs, Prezi and Haiku Deck Apps
- D. Lesson Plans and work samples
- E. Open Response, On Demand, Student Samples, Presentations
- F. Student - Teacher conferencing, Student-Student Conferencing

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Flex lesson plans, work stations, and centers provide literacy instructional strategies that assist in achieving specific learning objectives.
- B. iPads and Genius Hour allow students to research information to further their information of a topic.
- C. iPads, Computer lab, Prezi, and Haiku Deck Apps allow students opportunities to demonstrate media literacy by using technological tools.
- D. Lesson plans and work samples reflect student integration of online and offline learning,
- E. Open response, On demand, student work samples, and presentations allow students varying strategies and demonstrate an understanding of various forms of communicating.
- F. Student-Teacher conferences and student-student conferences provide opportunities for students to discuss the writing process.

Curriculum and Instruction: Student Performance

All students have access to an aligned and rigorous curriculum, where instructional strategies are of high quality and inclusive, resulting in student performance at a consistently high level.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do students craft communications distinctive to specific disciplines and purposes?	Students craft communications distinctive to specific disciplines and purposes.	Proficient

Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

- A. Rubrics, checklists, learning targets, work samples, exemplar papers
- B. Conferences, formative assessments, rubrics, checklists
- C. Rubrics, checklists, formative assessments, conferences
- D. Rubrics, Exemplar papers, conferences

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

- A. Rubrics, checklists, learning targets, and exemplar papers allow students to understand expectations and receive feedback.
- B. Conferences, formative assessments, rubrics/checklists are used collaboratively to set writing goals.

- C. Rubrics, checklists, and conferences are used as self assessments to monitor progress toward goals.
- D. Rubrics and Checklist are used to develop assessments.

Professional Learning: Opportunity

Professional learning opportunities are planned with teacher learning needs in mind and in response to data available about teacher practice and student learning.

Overall Rating: 2.0

	Statement or Question	Response	Rating
a)	To what extent do teachers develop, implement and assess relevant and purposeful professional growth plans (PGPs) in response to the teacher self-reflection about current practice and student learning?	PGP implementation results in change in current practice and supports appropriate instruction.	Proficient

Program Review: Next Step Diagnostic

Introduction

The program reviews are intended to guide schools to systematically analyze their comprehensive school programs in the areas of Arts and Humanities, Practical Living/Career Studies, Writing, and the K-3.

This final step is to analyze the findings from each program review to determine how the school will make recommendations to improve and sustain each program.

In-Depth Review

Statement or Question: Identify the programs given an in-depth review during the current school year. You may select more than one.

Response:

- Practical Living/Career Studies
- Writing
- K-3

Arts and Humanities Program Review

List the standards and characteristics that have been identified as strengths in the Arts and Humanities Program. Explain why each of these is a strength in your school's Arts and Humanities Program. What is your plan to sustain these strengths in the area of Arts and Humanities?

All three components are incorporated into the study of the Arts: Creating, Performing, and Responding to the Arts. Teachers provide exemplary artistic performances and products to enhance instruction.

Guest artists are provided in order to enhancement to arts instruction.

Lesson plans and curriculum maps document the sequential presentation of Common Core Standards which afford students the opportunity to create, perform, and respond to the arts in all four disciplines.

Identify the standards and characteristics that have been identified as needing improvement or focus in the Arts and Humanities Program. Explain why each of these needs improvement.

Communicating about arts instruction to the community and families.

Professional Development

What are the steps your school plans to take to improve the identified areas of your Arts and Humanities Program?

Creating an Arts/ Humanities Newsletters to provide additional information about our arts program to parents.

The district is currently looking into further opportunities for professional development in the arts.

Practical Living/Career Studies Program Review

List the standards and characteristics that have been identified as strengths in the Practical Living/Career Studies Program. Explain why each of these is a strength in your school's PLCS Program. What is your plan to sustain these strengths in the area of Practical Living/Career Studies?

Health Ed and Physical Ed

Program Review: Global Competency/World Language

Introduction

This report contains Program Review results for Global Competency/World Language . This program review is required as part of Kentucky's new assessment and accountability model. A Program Review is a systematic method of analyzing components of an instructional program, including instructional practices, aligned and enacted curriculum, student work samples, formative and summative assessments, professional development and support services, and administrative support and monitoring. (KRS 158.6453(l)(i))

Diagnostic tools to capture and report the results from these program reviews are contained in the AdvancED's Adaptive System of School Improvement Support Tools (ASSIST). ASSIST allows schools and institutions to gain better understanding of past successes and opportunities, and confidently build a solid, research-based improvement plan for the future.

Program Review: K-3

Introduction

This report contains Program Review results for K-3. This program review is required as part of Kentucky's new assessment and accountability model. A Program Review is a systematic method of analyzing components of an instructional program, including instructional practices, aligned and enacted curriculum, student works samples, formative and summative assessments, professional development and support services, and administrative support and monitoring. (KRS 158.6453(l)(i)) Diagnostic tools to capture and report the results from these program reviews are contained in the AdvancED's Adaptive System of School Improvement Support Tools (ASSIST). ASSIST allows schools and institutions to gain better understanding of past successes and opportunities, and confidently build a solid, research-based improvement plan for the future.

Curriculum and Instruction: Student Access

All students have equitable access to highly effective curriculum and instruction.

Overall Rating: 2.5

	Statement or Question	Response	Rating
a)	To what extent do teachers consistently collaborate with others on their team or grade level to plan instructional units, including common assessments and supplemental activities to ensure that each student has access to the curriculum and access to supports necessary to attain the curriculum?	Teachers consistently collaborate with others on their team or grade level to plan instructional units, including common assessments and supplemental activities to ensure that each student has access to the curriculum and access to supports necessary to attain the curriculum.	Proficient

	Statement or Question	Response	Rating
b)	To what extent do students have access to a variety of equipment and materials that are relevant and necessary to support their needs? To what extent is instruction continually revised and students are instructed in how to use the feedback to improve their work?	Students have access to and use a variety of equipment and materials designed to meet their individual needs and enhance their learning experiences. Instruction is continually revised and students are instructed in how to use the feedback to improve their work.	Distinguished

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Curriculum and Instruction: Aligned and Rigorous Curriculum

An aligned and rigorous curriculum provides access to Kentucky Academic Standards (KAS) for all students as defined by state and national standards.

Overall Rating: 3.0

	Statement or Question	Response	Rating
a)	To what extent is the curriculum vertically and horizontally aligned to state standards and fully addresses the rigor/intent of the standards, including specific pacing recommendations?	A rigorous curriculum is aligned, vertically and horizontally, to state and national standards with a focus on 21st Century Skills taught in the context of core subjects and interdisciplinary themes. Pacing guides are present and updated annually based on implementation data and lessons learned.	Distinguished

	Statement or Question	Response	Rating
b)	To what extent is adequate instructional time provided for teachers to plan and fully enact the curriculum?	Ample instructional time is provided and utilized effectively by all teachers to address the curriculum. Flexibility is built into the schedule to further address student misconceptions as well as to provide enrichment opportunities to ensure student success.	Distinguished

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Review teams will likely find they need to search out additional evidence during the program review process in order to make judgments or to support judgments.

Pacing Guides, lesson plans, standards aligned vertically and horizontally, Master schedule, Instructional Assistant Schedule, Flex Group Plans

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

Pacing guides are updated annually based on implementation data. Lesson plans show alignment to state and national standards with a focus on 21st Century skills. Instructional aides' schedule provides ample time for instruction for all students. The master schedule provides flex time built in for each grade to further address student learning and enrichment. Flex plans provide opportunities and time to effectively address the curriculum.

Curriculum and Instruction: Instructional Strategies

All teachers implement research-based instructional strategies that include characteristics of highly effective teaching and learning for all students.

Overall Rating: 3.0

	Statement or Question	Response	Rating
a)	To what extent do teachers routinely use student-centered and evidence-based instructional strategies that include classroom discussions, questioning, and learning tasks that promote critical thinking skills? To what extent does scaffolding of instruction occur? To what extent do students work in flexible, collaborative groups based on student needs and learning styles?	Teachers routinely use highly effective, student-centered and evidence-based instructional strategies that include classroom discussions, questioning, age appropriate inquiry-based activities and learning tasks that promote 21st Century Skills. Students work in flexible, collaborative groups based on student interests, choice, needs and learning styles.	Distinguished

	Statement or Question	Response	Rating
b)	To what extent do teachers consistently involve students in defining and/or writing learning targets (using clear and precise language) that are essential to standard attainment? To what extent can students describe what it takes to achieve the target (the success criteria)? To what extent is instruction planned to directly ensure that students meet the targets and ultimately have opportunities to demonstrate understanding of the standard as a whole?	Teachers and students construct/ review the learning targets daily. Students can articulate what they are learning to do and how they will know they are successful. They regularly self assess and engage in peer-assessment strategies. Students also track their progress with learning targets throughout instructional units and have multiple and varied opportunities to demonstrate learning.	Distinguished

	Statement or Question	Response	Rating
c)	To what extent are students engaged in cross-curricular instruction that is deliberate, culturally responsive, and includes hands-on, authentic and applied learning experiences?	Students are consistently engaged in a variety of cross-curricular instructional activities that are deliberate, culturally responsive, and include hands-on authentic learning experiences.	Distinguished

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. Lesson plans show evidence of highly effective, student centered, research based strategies that promote 21st Century Skills. Flex plans allow for collaboratively grouping for student needs and learning styles. Lesson plans show learning daily learning targets to help students know they are successful. Students are able to track their learning through daily learning targets tied to instructional units. Art and music lesson plans show students consistently engaged in a variety of cross curricular activities including hands-on authentic learning experiences

Curriculum and Instruction: Kentucky Systems of Intervention (KSI) /Response to Intervention (Rtl)

A school establishes and uses a systematic, comprehensive system that addresses accelerated learning, achievement gaps, highly-effective instruction, readiness to learn and student transitions. A school provides a seamless framework, using state and federal funding, that addresses academic and behavioral needs, that is accessible to all students.

Overall Rating: 3.0

	Statement or Question	Response	Rating
a)	To what extent is a KSI/Rtl decision making protocol established and used to make decisions based on student needs?	A KSI/ Rtl decision making protocol has been established and is always used to make decisions that are based on individual student needs.	Distinguished

	Statement or Question	Response	Rating
b)	To what extent is universal screening used to determine students for intervention and the data is used to determine intervention services?	Universal screening is used to determine students for intervention services; diagnostic assessment and/or supplemental report data is used to further inform the individual student's intervention services.	Distinguished

	Statement or Question	Response	Rating
c)	To what extent does highly effective instruction include tiered services that provide research-based intervention to increase student achievement, is research-based, aligned to standards as well as across tiers, and accessible to all students?	Highly effective instruction includes tiered services that provide a comprehensive system of interventions to maximize student achievement, is research-based, aligned to standard as well as across tiers, and designed to meet the individual needs of all students.	Distinguished

	Statement or Question	Response	Rating
d)	To what extent do intervention team members meet to discuss academic and behavioral needs of students and adequately address those needs?	Intervention team members routinely meet to discuss the academic and behavioral needs of each intervention student and effectively meet their needs. Team members communicate intervention plans and progress with students and families.	Distinguished

	Statement or Question	Response	Rating
e)	To what extent does progress monitoring data (as required in SB 1 2009, including specifically diagnostic data) inform decisions about instruction and individual student learning? To what extent is instruction adjusted based on the progress monitoring data?	Progress monitoring occurs on a routine schedule. Data collected informs decisions about instruction and individual student learning. Instruction is adjusted based on the progress monitoring data.	Distinguished

	Statement or Question	Response	Rating
f)	To what extent does the school regularly communicate intervention services and progress with the families of those students identified for the intervention? To what extent is family communication focused on improving student learning?	The school consistently communicates intervention services and progress with the families of those students identified for intervention. Family communication is focused on improving student learning. Families provide regular input and reflection into the student's intervention plan, services, and/or progress.	Distinguished

Evidence is identified to support the school's analysis for each of the demonstrators. Program review evidence may be specific for an area (Writing, Arts & Humanities, Practical Living/Career Studies, K-3, and Global Competency/World Languages) or may be common across other reviews. The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

RTI letters and data tools are established to make decisions on individual student needs. STAR and Aimsweb are administered to determine student intervention services. RTI and progress monitoring data demonstrate tiered services provided to maximize student achievement based on research based strategies across all tiers to meet individual needs. RTI team members meet regularly to discuss academic and behavioral needs. The team reports progress and needs with RTI parent letters. Progress monitor data drives instruction and is completed on a routine schedule. The school consistently communicates to the families with progress updates and addresses the next goal for each child. Families provide regular input and reflection into student's intervention plans across all tiers, services, and/or progress.

Formative and Summative Assessment: Assessments

Teachers should use multiple assessment processes to inform, guide, develop and revise instructional strategies and curriculum to enhance student learning and achievement

Overall Rating: 3.0

	Statement or Question	Response	Rating
a)	To what extent do teachers embed day-to-day/week-to-week/informal assessments to monitor progress and guide instruction (aligned to the school's systemic plan/policy)?	Teachers collaborate to consistently embed day-to-day/ week-to-week/informal assessments to monitor progress and guide instruction (aligned to the school's systemic plan/policy).	Distinguished

	Statement or Question	Response	Rating
b)	To what extent do teachers use multiple and developmentally appropriate assessment methods (e.g., formative, screening, diagnostic, interim, benchmark, summative) to systematically gather data about student understanding of learning targets, reflect on instruction, and make adjustments to instruction?	Teachers collaborate and analyze multiple and developmentally appropriate assessment methods (e.g., formative, screening, diagnostic, interim, benchmark, summative) to systematically gather data about student understanding of learning targets, reflect on instruction, and make adjustments to support each student's learning.	Distinguished

The rationale explains how the identified evidence supports the school's reported level of program implementation for the demonstrator.

Teachers participate in a variety of professional development opportunities based on their needs and needs identified by data analysis. Teachers participate in PLCs, collaborating with one another and sharing ideas and discussion issues. Teachers are members of ADK and KEA. They participate to a small degree in these organizations, but lack time to be very active. There are many community organizations (listed in evidence) that provide educational opportunities to our students throughout the school year and work with our teachers to provide resources and information.
